Update on the Ministry Site Visit

Yesterday, the Mississauga Ontario Health Team Interim Governing Council met with an outreach team from the Ministry of Health for a community visit at the Mississauga Academy of Medicine (MAM) on the University of Toronto Mississauga Campus. MAM is the site of a collaborative partnership between many of our members, and represents one of the many ways the partners in our OHT are already working together to improve the health of the community.

This meeting was an opportunity for the Interim Governing Council and key subject matter experts to outline our shared vision for the Mississauga OHT and present our strategy to improve health and deliver integrated care to our community through engagement with patients, families, caregivers, providers, and others.

The true collaborative spirit in which we completed this full application was evident in this meeting.

Thank you for your ongoing contributions and support of the Mississauga OHT.

Next Steps

The Ministry team indicated that we should expect to hear a decision this fall. We will keep this group informed as we learn more.

For your reference, please find attached the presentation that we shared with the Ministry's outreach team. We have also included a photo from the visit. You are welcome to share these materials with your networks.

If you are a member or affiliate and haven't done so already, please provide us with your organization's logo and a link to your website. We would like to include this information on the www.moht.ca website so people can learn more about those involved with the Mississauga OHT.

Please send your organization's logo and a link to your website to info@moht.ca.
